## Learning Journey: Who am I?

Name: \_\_\_\_\_

The human body. The main human body parts: head, neck, arms, elbows, legs, knees, ankles, face, nose, eyes, hair, mouth, teeth

Your body is more than what you see when you look in the mirror - there are **different parts** that have **different jobs**, but each part works together so you can eat, sleep, sit in class and play with friends.

The five senses: taste, touch, smell, hearing and sight Senses allow us to observe and understand the world around us. There are five main ways we can do this: through sight (with our eyes), touch (with our fingers), smell (with our nose), taste (with our tongue) and hearing (with our

## KEY TERMINOLOGY
